

## **Homework #8: Advanced Project Management**

Agile Project Management Homework ~ Envision Phase

Due in two weeks

Think of a product that you would like someone to introduce to the marketplace, and do the following for that product

- 1) Write an “Elevator Test Statement” as described in the Highsmith book for your proposed product.
- 2) Create a “Feature Breakdown Structure” that describes the architecture of your product.
- 3) Create a “Product Vision” for your proposed product as described in the Highsmith book. The vision should take the form of a written tri-fold brochure in MS-Word or PDF format. It can include the information in 1) and 2) above if you wish.
