

[A-3] COURSE SYLLABUS

1. COURSE DESCRIPTION (Approximately 100 words)

The course deepens the students' understanding of microeconomics and introduces students to selected advanced topics. The course will focus on those areas likely to be most useful to students in the design and evaluation of economic policy as well as in future economic research.

2. COURSE GOALS AND OBJECTIVES (Approximately 100 words)

Upon completion of this course, the student is expected to be able to

- Understand the basic concepts in microeconomics;
- Analyze economic problems graphically and mathematically;
- Solve (both constrained and unconstrained) optimization problems;
- Apply the theory and principles studied in the class to the real world applications;
- Be well prepared for other economics courses in the program.

3. TEXTBOOK (Title, Author, Publisher, Year of Publication, etc.)

Mikroiqtisodiy tahlil asoslari, o'quv qo'llanma, Muratov R.S. TDIU, 2014, 278 bet
