

Course Name: Software Engineering
Topic: Software Reuse
Instructor: Dr. Obuhuma James
Activity: Homework (Topic/Week 12)

Task:

In reference to the requirements engineering process carried out in the homework for topic/week 5 and the system models develop in topic/week 7, if you were to develop the system for the retail shop, discuss any way in which you could apply software reuse. Be as realistic as possible and provide real examples of what you would reuse. [10 Marks]
