

Development of tourist routes

Travel (travel, tours, hikes) is carried out on pre-selected routes

The tourist route is the route of the hike, travel

route is defined as a pre-planned route for the movement

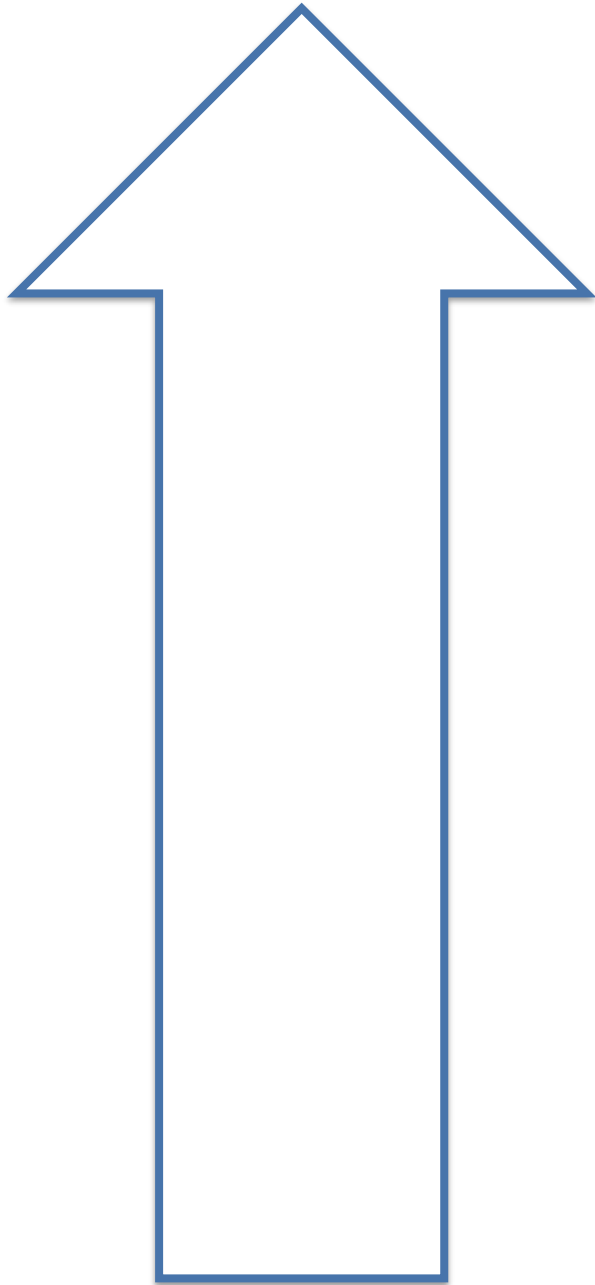

Tourist routes are one of the main services provided to tourists

The itinerary
is the route
of the tourist

The starting
and ending
points

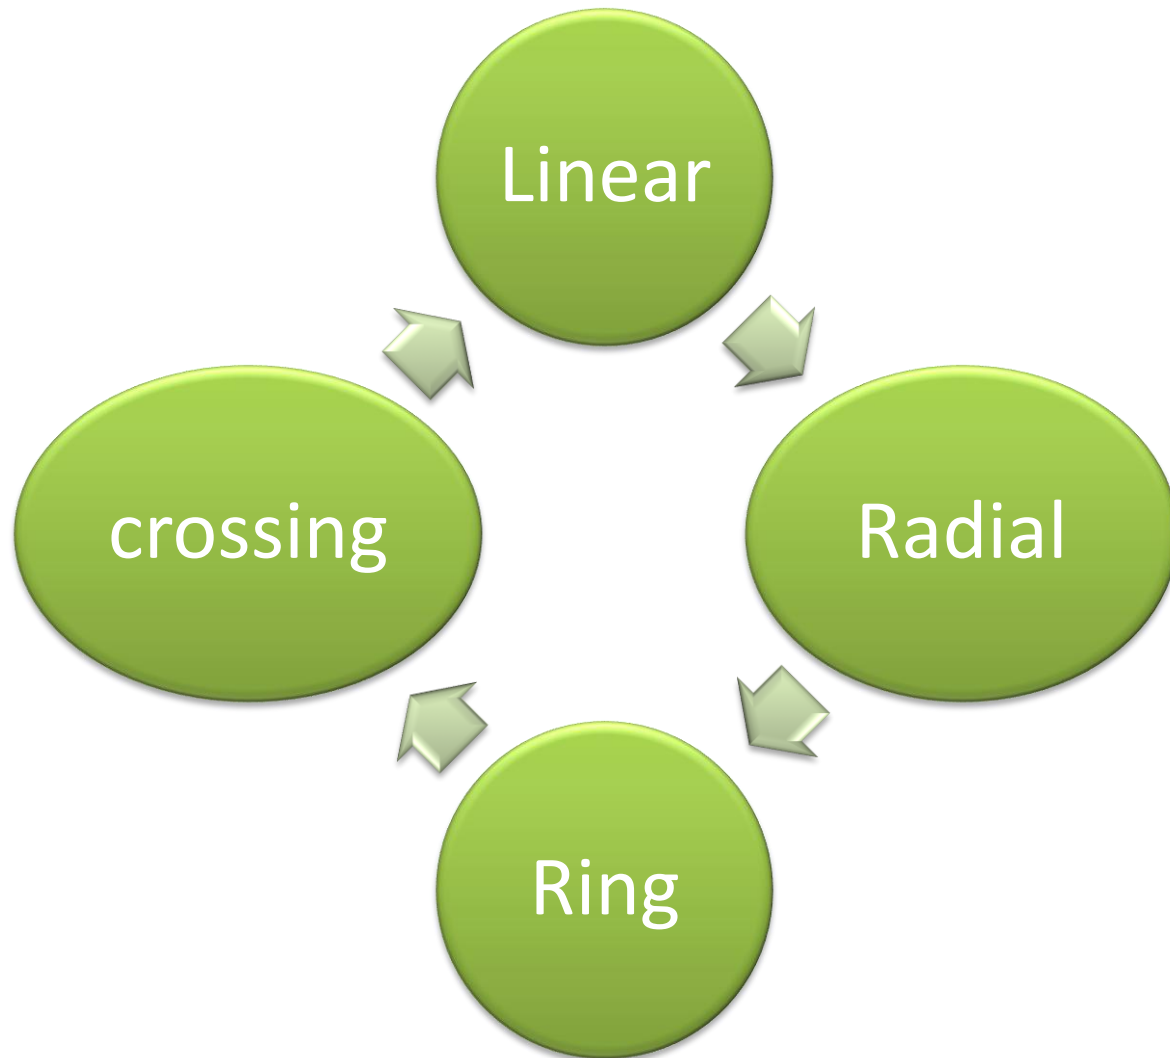

The place of
the last
tourist
service

Tourist route -
geographically
defined, attached
to a given area and
special objects and
described with
varying degrees of
detail, the route of
the trip, travel.

Types of tourist routes

the
beginning
location

the end of
point

Same
geographi
cal
location

radial route

A variant of radial travels
raduial trip from the
selected tourist center
with excursion purposes,
providing for overnight
stays in visited
settlements and objects
with return back is
possible.

Hiking or a
tourist trip

providing
cognitive
needs of
tourists

providing the
satisfaction
of the health

hiking trail

```
graph TD; A[hiking trail] --> B[pedestrian path in sanatoriums, rest houses, designed for making light walks]; B --> C[a special category is reserved pathways]; C --> D[supplied with information means, signs, posters, or special brochures];
```

pedestrian path in sanatoriums, rest houses,
designed for making light walks

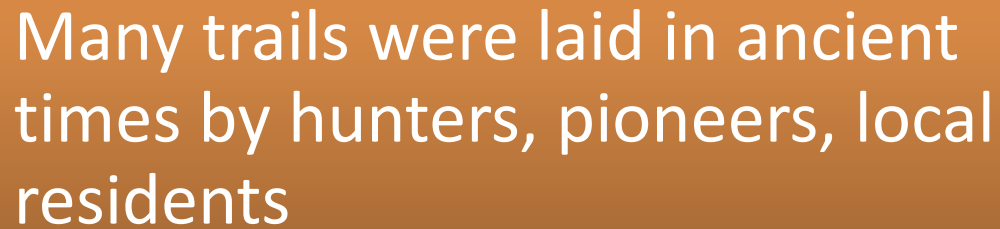

a special category is reserved pathways

supplied with information means, signs,
posters, or special brochures

Another variant of the hiking trail is the approved route

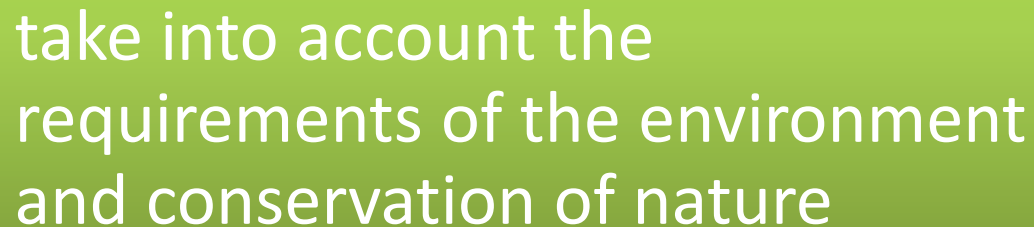

Many trails were laid in ancient times by hunters, pioneers, local residents

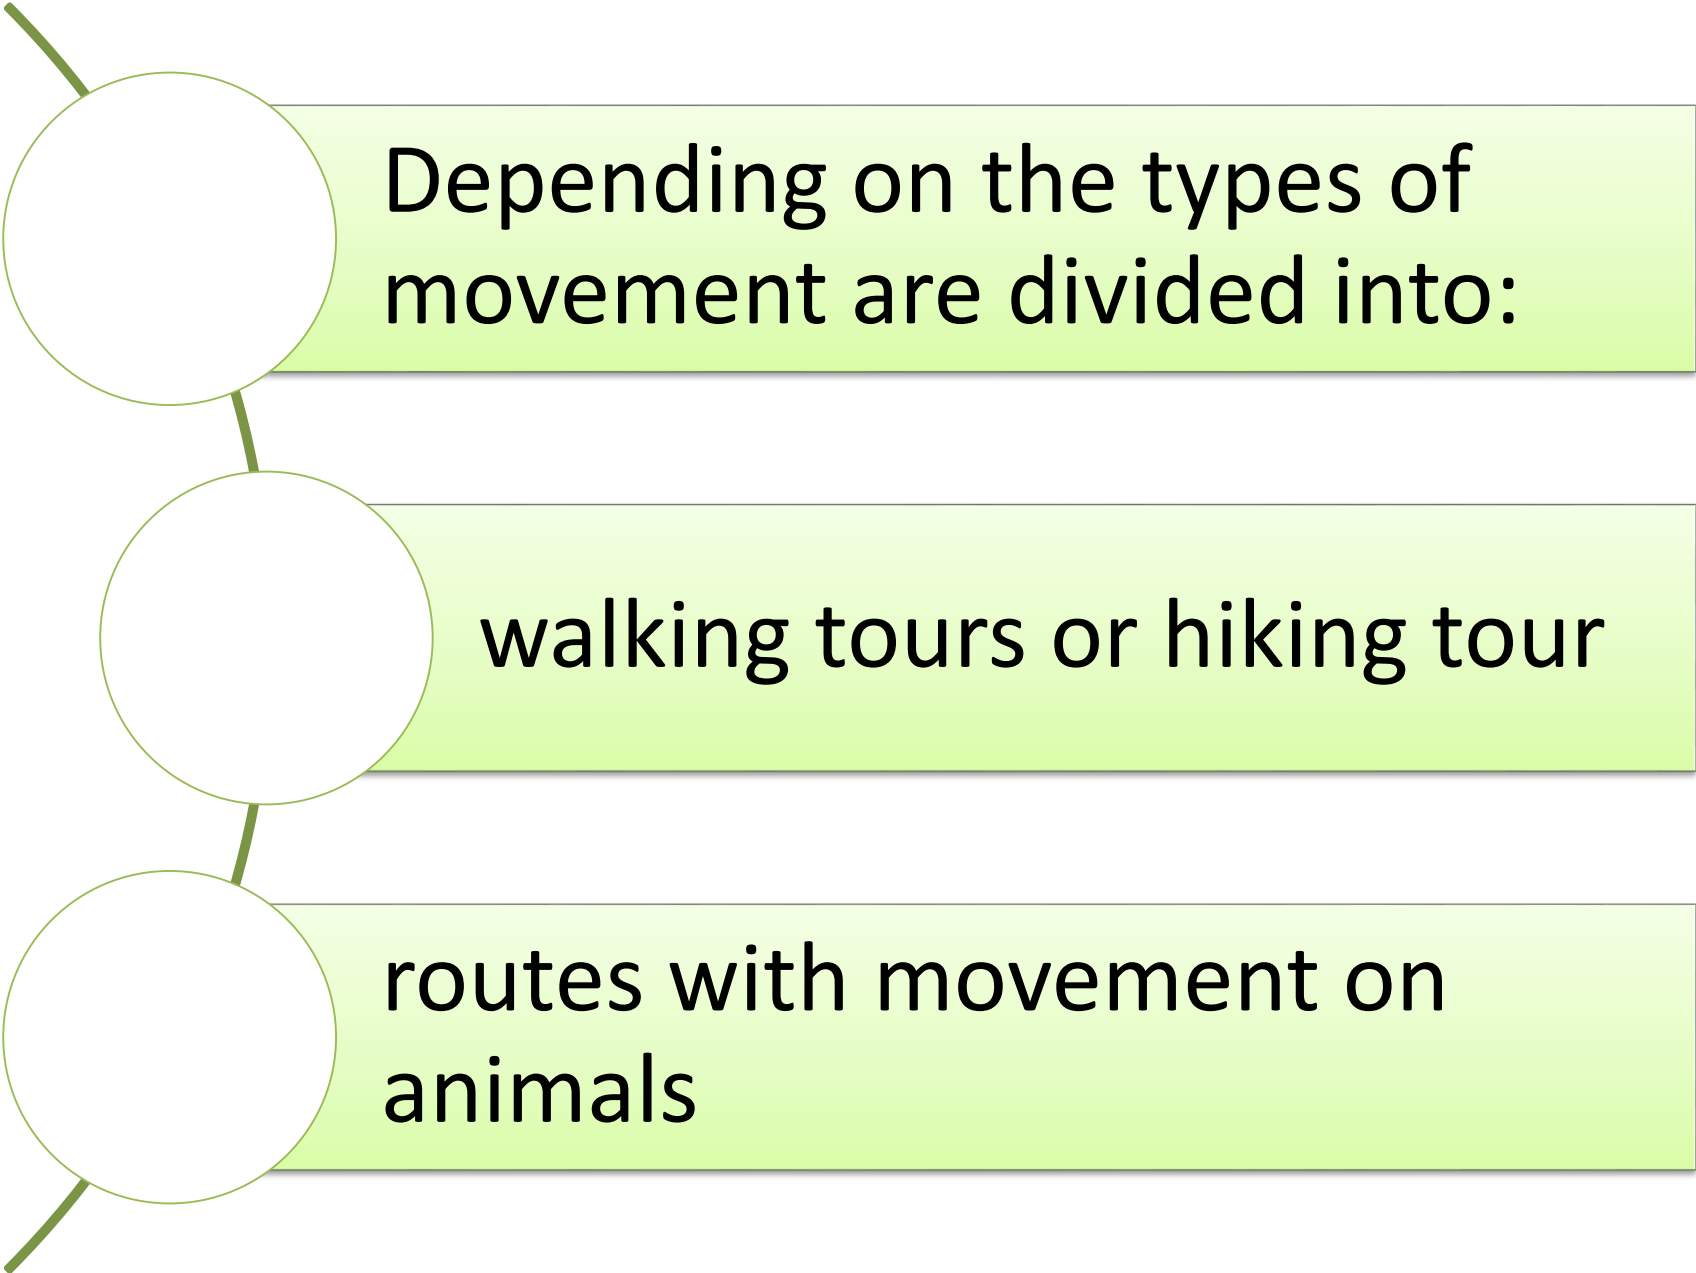

trails are laid, on the one hand, safe and most attractive

take into account the requirements of the environment and conservation of nature

Depending on the types of movement are divided into:

walking tours or hiking tour

routes with movement on animals

1 rail adventure tour

2 tourists get acquainted with various localities

3 The main stages of the movement are provided at night

4 during the day tourists visit local tourist attractions, museums and other facilities

5 Some tours last for 14 days or more

bus routes

go on difficult routes through
several countries

special motor camping and
caravan parking

The travel agency orders parking
in camping sites, hotels

water tourist routes

include a boat tour
on the water
tourist route

can be rowing or
motor boats, rafts

Some tourists
prefer a river or
sea trip marine trip

Sea cruises along
the Baltic Sea and
around Scandinavia

Tourists usually live and eat on the liner

Such tourists are usually not included in the statistics of tourism

A sea cruise is an expensive, elite and prestigious journey

Many passenger and cruise, as well as training sailing ships make entertainment or sightseeing flights

traveling on sailing ships.

In the world, several large sailing vessels

Russian four-masted barque Sedov

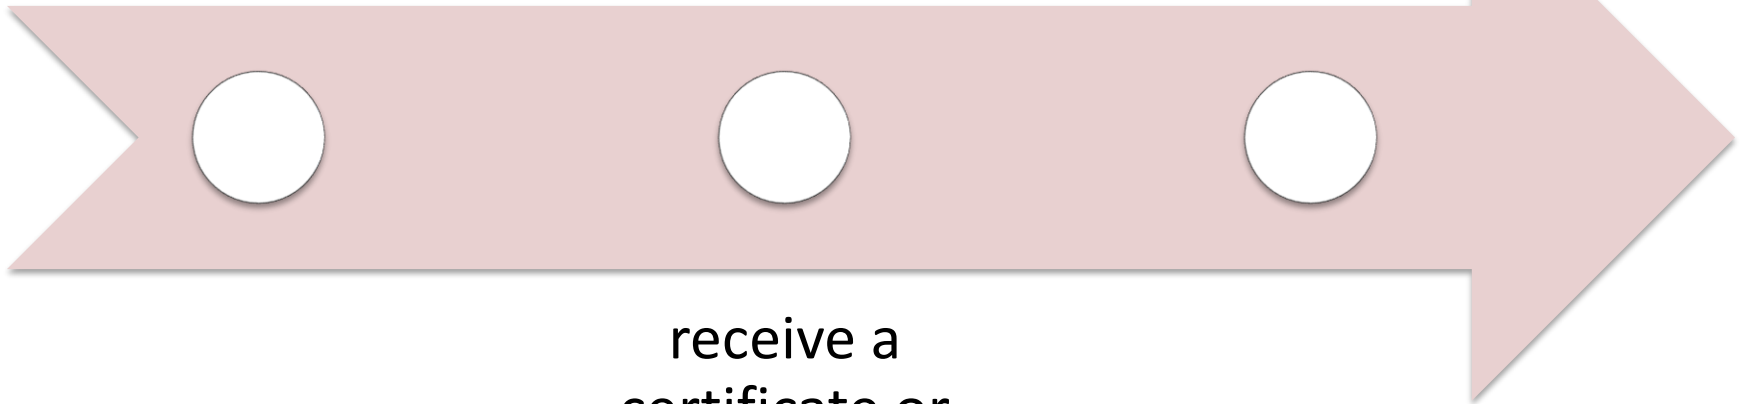

Built in 1921 in Germany at Krupp Shipyard

He takes part in international sailing regattas

Practical special
(custom-made)
tall-ship races
regatta voyages

Regatta
swimming is
very popular

receive a
certificate or
qualification
certificate of
the established
sample

day-time-
trip

business
trip

incentive sailing

air transportation routes

air transportations over long distances

intercontinental through the oceans

tourist flows between the continents sharply intensified

For tourist transportation both voyage routes and charter lines are used

Small aviation also participates
in tourist transportation

small aircraft is used as shuttle

excursion flights over the area
of the tourist center

thematic

hiking -
routes

Physical
culture and
health

combined

Types of routes are:

By seasonality,
the routes are
divided into:

seasonal

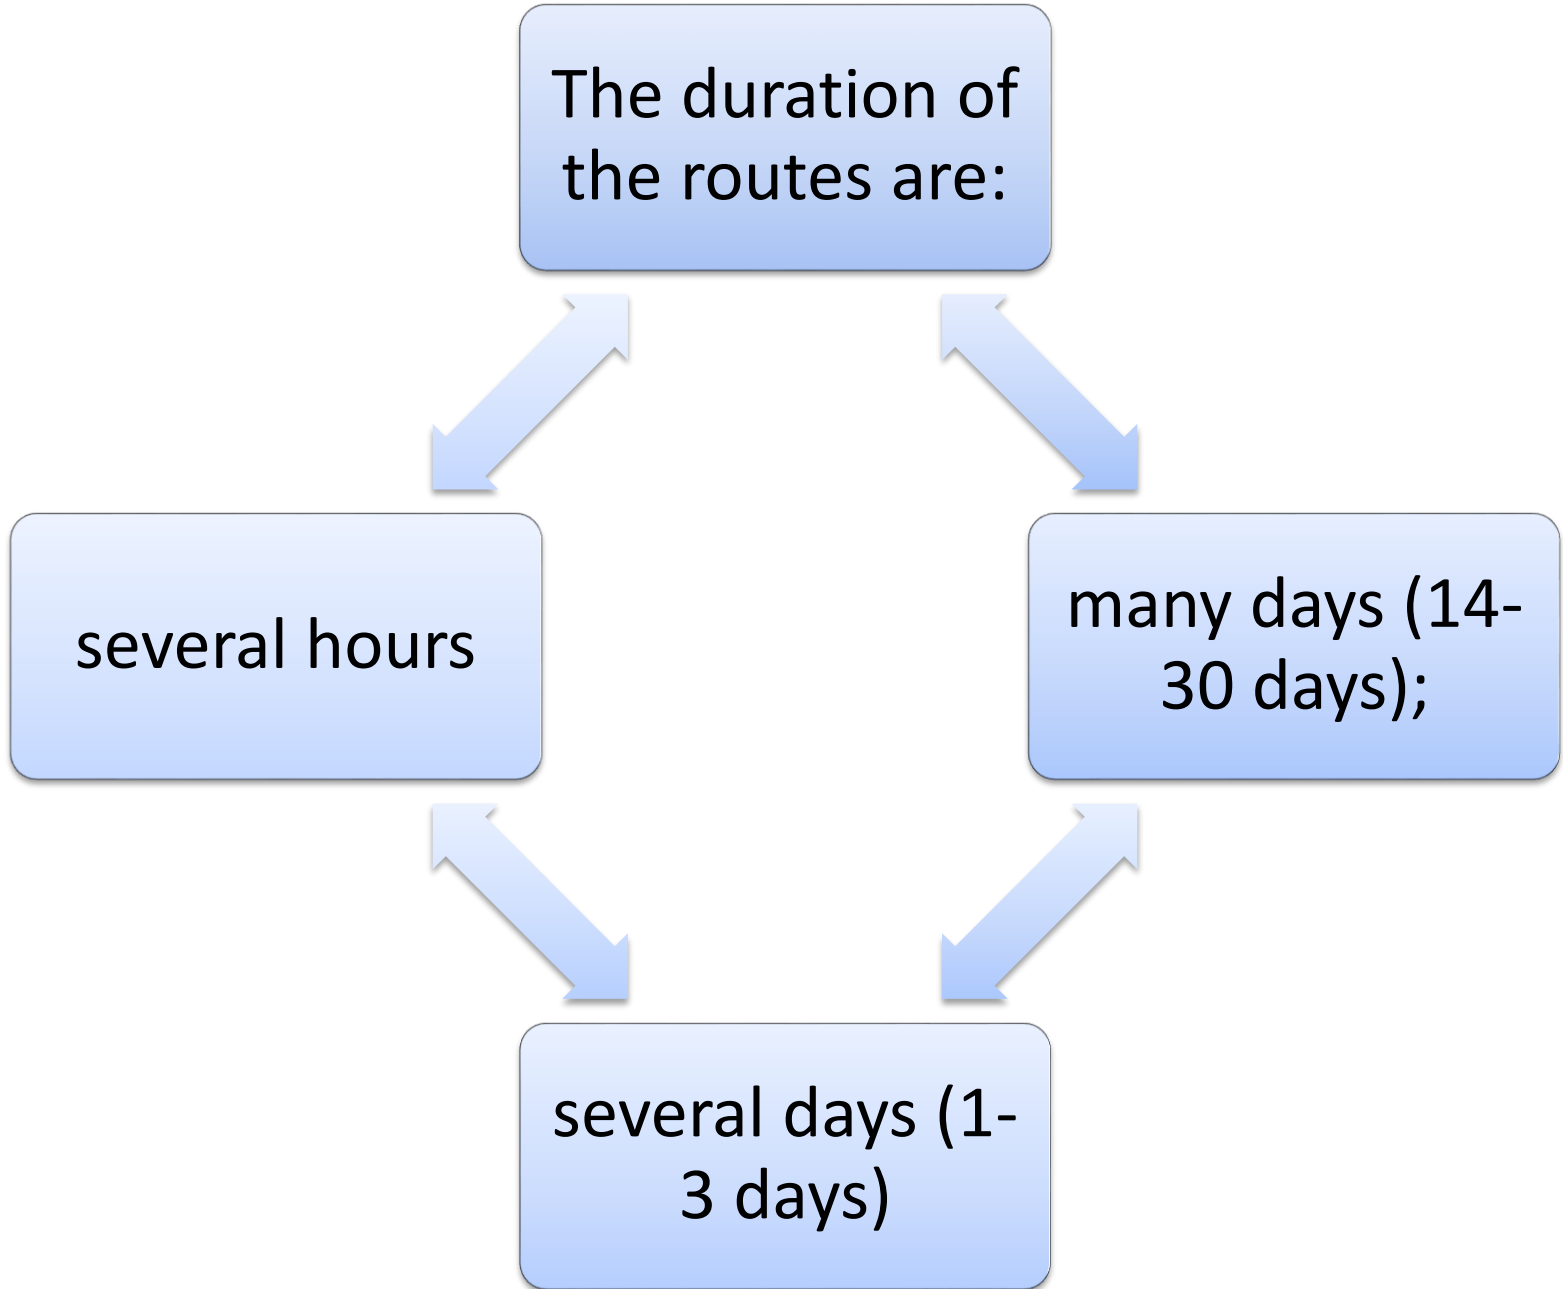

All-the-year-
round

The duration of the routes are:

several hours

many days (14-30 days);

several days (1-3 days)

Thank you for attention
